

*Burton Street,
Kilrush, Co Clare
1st June 1896*

Sir,

I beg leave to forward Identification paper with the answers carefully filled in to the best of my knowledge for years and climatic influence often prevents me from being as accurate as one of younger and more robust frame of mind and health and if there are any discrepancies in my discharge documents as to the length of service or dates it is owing to some error at Army Headquarters for since my discharge from the Army I am residing in this locality convenient to which I was born and that I know of no mistake for I have made none since the Army Paymasters were in the habit of paying the Army pensioners here and since then I have received it in the hand way of Pensioners

Signed John McNamara
